National Hospitality Holdings Appoints David Brewer as Vice President of Asset Management Division

PHILADELPHIA, Pa. - February 1, 2008 - National Hospitality Holdings LLC (NHH), a boutique investment advisory and consulting firm specializing in the hospitality industry, today announced the appointment of David A. Brewer as vice president of its asset management division. Mr. Brewer will manage the division's portfolio of 6,555 rooms in 16 states, a majority of which are in upper-upscale hotels.

Brewer brings to the position more than 18 years of experience in the operational, development and consultation areas of the hospitality industry. Since 2004, he has worked as an independent consultant for a wide variety of hotels owners and operators, financial institutions, private equity funds and developers. Prior to being an independent consultant, Brewer was an associate director with Horwath Horizon Hospitality Advisors, formerly a national affiliation of hospitality consultation professionals.

"David's outstanding track record and experience with the hospitality investment and consulting industry makes him the ideal person to lead the asset management division," said John J. DePaul, president and CEO of NHH. "After our recent reorganization into three divisions, National Hospitality Holdings is poised for major growth as we look to acquire upscale and luxury hotels and resorts. David's leadership and expertise in this division will be an integral part of increasing the firm's business opportunities."

About National Hospitality Holdings

National Hospitality Holdings LLC (NHH) is a boutique investment advisory and consulting firm specializing in the hospitality industry. Since its inception in March 2006, NHH has consulted on more than \$3 billion of assets. NHH provides effective, strategic leadership and direction, whether it's representing owners at the preferred equity level, partnering with investment banking firms providing advice to internal clients or conducting due diligence and underwriting for prospective investors.
