

NATIONAL HOSPITALITY HOLDINGS

National Hospitality Holdings Launches New Web Site

National Hospitality Holdings LLC (NHH) announced the launch of its redesigned web site, www.nhhllc.com, beginning March 6, 2008. "Our presence on the web needed to capture and exemplify the rapid growth of our divisions within our company, said John J. DePaul, president and CEO of NHH. "I'm pleased with our web partner, Smarty Click, who embraced our company philosophy and relayed it seamlessly to our web site."

The latest web technology was used to create a secure Client Log In section and also provides general non-log-in information on NHH so that prospective partners and clients can understand the reach and scope of NHH's hospitality expertise. The site provides an overview of NHH's three divisions: acquisitions and direct investments; asset management; and investment advisory. Profiles of the company, its team, partners, and client-types such as investment banking firms, financial institutions, fund managers and public pension funds are highlighted.

National Hospitality Holdings LLC ("NHH") is an investor, asset manager, and advisory firm specializing in the hospitality industry. With an emphasis on hotels, and most recently casinos, NHH provides institutional-grade operational and financial experience at the senior level. Hand-chosen clients include investment banking firms, financial institutions, fund managers and public pension funds. NHH is a newly accepted member of Pension Real Estate Association (PREA), the premier association for institutional investors of real estate.
